BOOTHS

Sofá booth, banco booth ou simplesmente booth, são sofás desenvolvidos com conforto para refeição.

O que difere o booth de um sofá convencional é a profundidade, inclinação e conforto. Os booths devem ser menos profundos. Confortáveis, mas não fofos demais evitando que o cliente afunde no sofá. A inclinação ideal é importante para que a postura mantenha-se reta.

Os módulos curvos permitem criar layouts orgânicos e simular rodas de bate papo.

Hubs: Nossos sofás Hubs são peças multifuncionais. O destaque está na bancada que permite criar postos de trabalhos informais.
